ABOUT EMC

Energy Management Centre (EMC) - Kerala is an autonomous body under the Department of Power, Government of Kerala, which came into existence on 07-02-1996. The office of the Centre is situated at Sreekariyam, Thiruvananthapuram. Energy Management Centre is the “State Designated Agency” to co-ordinate, regulate and enforce the provision of the EC Act 2001 in the state of Kerala with the concurrence of BEE, Ministry of Power, Govt. of India and for implementing various schemes under the Act.

The Centre is devoted to improving energy efficiency in all sectors of the economy in the state. The main objectives of EMC are promoting energy conservation and encouraging the development of technologies related to energy efficiency and conservation through research, training, demonstration programs, and awareness creation

	Alpha Geek Product presentation	
	SolYield Product presentation	
15:00 PM - 15:05 PM	Closing remarks	

Sensitization Program on Kerala State Energy Conservation Awards 2023

18th October 2023

As part of the Kerala State Energy Conservation Award 2024, a sensitization program was organized at the Kochi, Renai Hotel. The event was inaugurated by the Minister of Electricity, K. Krishnankutty, who noted that providing guidance on the preparations needed to showcase model projects promoting energy efficiency is a commendable initiative. The program also included detailed explanations about the operation of the application website and the necessary submission documents. The Energy Management Centre, operating under the State Department of Energy, has been conferring the State Energy Conservation Award, the highest state recognition for exemplary work in energy conservation. The award is presented in seven categories: Large Energy Consumers, Medium Energy Consumers, Small Energy Consumers, Buildings, Institutions and Organizations, Promoters of Energy Efficiency Products, and Architectural Institutions and Green Building Consultants. The awards are based on the evaluation of energy conservation activities over the last three financial years. Award winners receive a cash prize, a plaque, and benefits for implementing ISO 50001 and energy audits. Additionally, shortlisted nominees receive

assistance in participating in the Certified Energy Auditor/Manager examination. Representatives from the 2023 State Energy Conservation Award-winning organizations—Asha P A, Deputy Chief Engineer from Kerala State Electricity Board Limited, Mr. Vimalkumar, Senior Manager (Engg) from HLL Lifecare Limited (Akkulam, Thiruvananthapuram), and Aneesh R group manager Electrical, Alagarswamy V manager Utilities from Apollo Tyres Limited (Kalamassery, Ernakulam)—presented their activities. A demonstration of energy-efficient equipment was conducted by institutions such as V-Guard Industries, Hykon India Limited, Excel Coatings, Alpha Geek, Nippon Paints, Startups incubated in EMC under CEIBIC viz Tokalev Exports LLP, Tranquillity. Energy Management Center Registrar B.V. Subhash Babu welcomed the guests, and EMC Director Dr. R. Harikumar gave the inaugural address. The Energy Conservation Award 2024 guidelines and application process were explained by Energy Technologist Anoop Surendran. Over 250 participants, including individuals and representatives from institutions promoting energy conservation and efficiency, attended the event. Energy Technologist Sandeep K. delivered vote of thanks.
